Dear WINSLOW WILLIAM MAVERIXK,

We have confirmed that your account was successfully created but it is in an inactive state.

Therefor we ACTIVATED your NUCLEUS account: **CHAIRMAN** which is linked to the e-mail address:
williamwinslow@us-armedforces-foundation.army which you provided during registration. You should look for an email coming from: [DO NOT REPLY@iaea.org](mailto:DO_NOT_REPLY@iaea.org). The email might be placed in the spam/junk email folders. If you do locate this email please add [DO NOT REPLY@iaea.org](mailto:DO_NOT_REPLY@iaea.org) to the safe senders list so the future communication from this address can get delivered to your inbox.

Also it could be a delay/issue in the email delivery related to the mail server for your account. One thing to check could be if you are receiving other emails timely.

You can login to NUCLEUS with your password created at the time of registration. For future NUCLEUS email communication, like the account activation or password reset emails, please keep the above points in mind. We hope this will be helpful.

Kind Regards,
Your NUCLEUS Team
